Email: rashidali.bscsf21kdk@iba-suk.edu.pk   *GitHub:* https://github.com/Rashid-Alee

Education:

Institute of Business Administration (IBA), Sukkur BS Computer Science   **Sep 2021 – May 2025**

Courses: Data Structures, Design & Analysis of Algorithm, Artificial Intelligence, Machine Learning, Object Oriented Programming, Database Systems, Operating Systems.

Experience:

AI Trainer at Scale AI   **Jun 2023 – July 2023**

-Training Cutting-Edge AI Models in Code Development.

-Guiding AI Models with Python Programs

-Ranking and Feedback: Accessing AI-Generated Code Responses

-Optimizing AI-Generated Code: Editing for Bug Fixes and Performance

Teaching Assistant – Sukkur IBA   **Sep 2023 – Dec 2023**

Conducted tutorials and helped struggling students during counselling hours.

Object Oriented Programming: Taught the Lab section of the class; covered OOP and File Handling concepts in python.

Mathematics Mentor at MRC – Sukkur IBA   **Jan 2024 – April 2024**

Taught foundation semester students additional mathematics, helping them understand difficult concepts and clearing their doubts to clear foundation semester.

Personal Projects:

Digital Vault (Password Manager): Digital Vault was my semester project in the course of Object Oriented Programming. Built in java, this application lets a user manage his important login credentials for different accounts. It also tracks if the password is strong enough or weak, similarly it lets user know if he's repeating and using the same password for different accounts.

House Price Prediction Zameen.com – Developed a machine learning model to assist Real–estate Agents in estimating House prices with 94% of accuracy.

Skills:

Java | Python | MySQL | Pandas | Numpy | Problem Solving | Git | GitHub

Awards:

STHP Scholar at Sukkur IBA University 2021- fully funded scholarship for four years.

Additional: Recipient of PM Scheme Laptop for academic excellence.
